

# Progressive Episcopalians of Pittsburgh

A Member of the Via Media USA Alliance

Progressive Episcopalians of Pittsburgh (PEP) is an association of Episcopal clergy and laity dedicated to maintaining the health and unity of the Episcopal Church, including the Diocese of Pittsburgh, as a theologically diverse expression of Anglicanism in America. PEP seeks both a church and a society that strive for justice and peace among all people, and that respect the dignity of every human being. PEP has encouraged parishes to decline membership in the Network of Anglican Communion Dioceses and Parishes and to formally state their intention to remain a part of the Episcopal Church.

I support the mission of PEP described above, and I wish to become a member.
